## Safeguarding Information for Students

If anyone says or does something that worries you or frightens you, talk to a trusted adult. That might be somebody at school (see the last page of this leaflet) or a member of your family.

The Designated Safeguarding Team in school are:

**MRS SANTINELLI:** Principal

**MRS DAVIS:** Designated Safeguarding Lead

**MISS SMALE:** Deputy Designated Safeguarding Lead

**MRS NINNIS:** Deputy Designated Safeguarding Lead

### What we do to keep children safe:

1. We have a safeguarding policy which explains what staff should look out for and then what they should do.
2. We have other policies for staff and students regarding internet safety, physical contact and bullying.
3. All staff go through a check to assess their suitability to work with children.
4. We encourage children to tell us when something is wrong.
5. We respect all students as individuals and we don't tolerate discrimination.
6. We give students information to help them keep safe.
7. We do risk assessments to check activities are safe.
8. We have a health and safety policy that covers fire regulations, first aid, food safety and ensuring the premises are safe.
9. Mrs Santinelli, Mrs Davis, Mrs Ninnis, and Miss Smale have had extra training to protect children and make sure the school safeguarding policies and procedures are followed.
10. We work with parents/carers/guardians
11. If necessary we talk to other people such as social workers and the police if we think a student may have been harmed or might be harmed.

### Keeping Safe: Top Tips

- Try not to go out alone. If you do, tell your parents where you are going and when you will be home
- Stick to well-lit areas
- If anyone says or does something that worries or frightens you, tell a trusted adult
- Carry a mobile phone and put emergency numbers on speed dial
- Don't accept a lift from someone you've never met before
- Remember that alcohol and drugs can harm your health and can also encourage you to take unnecessary risks
- Do not accept money from strangers. If you are using public transport, make sure you have enough money for the return journey.

### Keeping Safe Online: Top Tips

- Don't lend your devices to anyone, unless in an emergency
- Keep your profile settings private so that only friends can see
- Only interact with people you know
- Remember that anything you send or upload can never be destroyed forever
- Block anyone who you are unsure about or who makes you feel worried
- Never give out personal information to people on the internet eg. your full name, address, phone number or private images
- Don't put up with abusive messages or disturbing content. Show them to an adult and don't delete them until the problem is sorted
- Think about the language you use
